## NO WAIT TIME!

### *About Us:*

Methadone and Suboxone is a harm-reduction based therapy that also provides pain relief. Both drugs help reduce/diminish opioid withdrawal and are part of a detoxification process. The drug is taken orally and works to repair parts of the brain that have been hijacked by drug abuse. We have 3 qualified doctors who are currently accepting new patients, walk-ins are welcome!

### *Conditions We Treat:*

- |   |                                       |
|---|---------------------------------------|
| <input type="checkbox"/> Narcotic addition  | <input type="checkbox"/> Severe pain  |
| <input type="checkbox"/> Drug craving       | <input type="checkbox"/> Chronic pain |
| <input type="checkbox"/> Intense withdrawal |                                       |

## *Our Doctors:*

**Dr. David D'Souza MD, CCFP, DCAPM**, is a chronic pain and addictions specialist. He completed his medical degree from the University of Ottawa and residency training at Queen's University. He completed a fellowship at the University of Calgary, and has received numerous post-graduate certifications internationally. He has more than two years experience in chronic pain and addictions. He is also an assistant professor at Queen's University.

---

**Dr. Mark D'Souza MD, CCFP(EM), DCAPM**, is a chronic pain and addictions specialist, and emergency room physician. He completed his doctor of medicine degree at Queen's University and has received 60+ awards with several being the highest achievements in Canada. He has more than six years of experience in the ER, and two years in chronic pain and addictions. He is also a professor at Queen's University.

---

**Dr. Wilfrid Chan MD, CCFP**, completed his medical degree from the University of Manitoba and residency training at Queen's University, in the Oshawa Bowmanville site at the Lakeridge Hospitals. During his residency, he has worked with multiple pain and addictions specialists, and would like to continue to serve the community in these areas as part of his practice. He is fluent in Cantonese, and is also able to understand Mandarin.
